WASHOE COUNTY OFFICIAL PRESS

C. U. POWNING . EDITOR AND PROPRIETOR

TUESDAY, AUGUST 3, 1875.

ANDREW JOHNSON.

We pause a moment to pay a pass ing tribute to the memory of him who has entored upon the Valley of of the Shadow of Death, and ere new has caught a glimpse of that promisod land where all is peace. Of humble origin, he ascended, step by step, the ladder of fame, until the highest pinnacle was attained. Obstacle after obstacle impeded his progress, but he faltered not; casting them aside, without apparent effort, he succeeded in winning for himself an honorable position, such a one as only those can obtain who have indelibly imprinted on their minds the familiar saying of Cardinal Richelien: "There is no such word as failt" The true American can but admire the spirit which actuated Johnson. It is true he made mistakes, some very sorious ones, but what man is perfeet. Beneath all we believe there was naught but love for his country, which only expired when the last breath was drawn.

Kuchur, the defaulting San Francisco brokers clork, was a lively young chap and played a bold hand receipt of a salary of \$200 a month, only, yet the books of some of the brokers with whom he transacted business show that from January 1st to July 20th, his stock transactions aggregated the enermous sum of \$1,-149,758 99! His oredit was so good on change that at one time he was indobted to a broker, for advances made, in the sum of \$72,000. The women were the rocks upon which he shattered his fortunes. When he is dying in a gutter some of these days he may be consoled in his last moments by the reflection that no man before him, at his present age, ever approached him in the magnitude of his operations.

Ir is stated that although the tostimony of the Catholic church has been against secretsocieties of every name, upon application to the Pope for his, opinion in regard to grange membership, his Holiness decides that any good Catholic may join the grangers, providing he finds nothing in thom inconsistent with his duty to his church. It is not quite clear how any one can tell whether there is anything inconsistent with his princilpes in a secret, until he knows what that secret is- and no insider can reveal the secrets to one outside. We are inclined to discredit the report that the Pope has given permission to join the grangers, but if mistaken, we shall be glad to be so informed.

Tim murder of Norton in Santa Barbara county, by the fellow Cotmost cold-blooded crimos on record. It was caused by carnal hist, and nothing else. It is not an argument in favor of continuing in force the law which gives a jury the power to flx the punishment of murderers, that the jurous who convicted Cotton spared his life by declaring that his pendelment should be imprisonment for life in the State Prison. Such wretches as this Cotton are better out of the world than in it, and the world would be all the better for their exit therefrom.

Notice.-Mr. Nels. Groenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co.

CHANGE OF TEXT BOOKS. We have received notice from A. L.

Bancroft and Co., of San Francisco, of their intention to offer to the Nevada State Board of Education, at its next meeting, for adoption, their now series of "Pacific Coast Readers." We are not aware that there is any particular demand för a change in the books of our public schools, and even if the present state of affairs warrant it, we know not that Bancroft's Readers should have the preference. We do know that when their adoption was suggested in California, much opposition was manifested to any change in text books and especially against the introduction of these readers, it being claimed that they were greatly inferior to those then in use, in almost every respect. The California Board, by a majority vote of one, however, decided in favor of their adoption, but the people became so incensed at the attempt to force down their throats this additional expense, that they carried the matter to the Supremo Court, and that tribunal, on some technical point, decided in favor of the plaintiffs, and the introduction of Bancroft's readers has not yet been effected in the public schools of that State. It may be true, as alleged, that several of the County Superintendents of Schools in Nevada, favor this change of text books, but as they do not have to foot the bills, we suggest that the people have some say in the premises. If they are propared to incur an additional outlay to assist Bancroft & Co., while the game lasted. He was in But at this time we protest against any sudden change in the text books of the schools of this State. Let the matter be thoroughly canvassed and then if parents advocate the measure our opposition will cease. But we desire that they shall express their preference for or against before any definite action is taken by our State

youngster's business life was a short but a merry one. He is yet under a newspace a newspace to be started at the Capital City. As we hear it, the Duity Evening Herald, is to make its debut in Carson a week from to morrow, under the auspices considered sufficient to insure its financial succoss. With the Tribons and Appeal and this new acquisition, we would suppose that our Capital friends would be amply provided with local newspapers, and we can hardly, be-lieve that with all its natural advantages and superior intelligence of the people, Carson can sufficiently support three daily newspapers." ginia City, with twice the business and fourteen times the available capital, supports two first-class newspapers an evening and morning pa-per—but we very much doubt if a third paper, coming in to compete with the Enterprise and Chronicle, could be supported. It might live for a time, but unless there should he placed ha power behind the throno" of its expenses, it would soon wither, as did the independent. We are glad to note the enterprise which puts three papers in Carson, but-well we shall see how it turns out.-Lyon County Times of Sunday.

TO OUR PATRONS.

In view of the recent heavy outby we have incurred by the purchase of a steam power press it is most and proper that our delinquent subscribors and advertisers should walk up to the Captain's office and settle. We trust that they will not be gooded to this step from any disinterested motives. We are of the opinion that we have rendered a "squivalent," and therefore feel compelled to call on our patrons for the amount of their accounts.

The Stock market yesterday was active and strong, but prices, in some cases, showed a disposition to realize. The movement is, however, ovidently upward. A too rapid rise in some stocks invokes repression, and, as is usually the case after a dull season, buyers realize small profits until confidence becomes more established. Operations in the bonanza mines are very satisfactory. The mills are very effective and turn out a high range of bullion per ton of ore. There are changes in progress which, without doubt, will give a great impulse to the upward mofoment of the market; the more so that money is becoming so abundant as to give support to a great increase in activity.

HUFFARER'S STATION .- Things at this torminus of Mackey, Fair & Co.'s flume are looming up. The Virginia and Truckee Company intond next week to erent a comfortshie depot and telegraph office, for which latter they have already tapped the wires.

BROWN'S STATION,-The El Dorado Flume Company, with their shipping place here, are getting out one hundred and fifty 'cords of wood daily, most of which goes to the Union Mill and Mining Company.

Proceedings of the Board of County THE Commissioners.

The Board of County Commissioners held their regular monthly meeting yesterday. Present - Peleg Brown, Chairman, Orrin C. Ross and E. Owens, Commissioners, J. S. Shoemaker, Clerk, H. B. Cossitt, District Attorney, and J. E. Jones, Sheriff.

The following claims against the county were allowed:

J. A. Lewis, \$20; W. M. Anderson, \$5; H. H. Hogan, \$275; J. S. Shoomaker, \$51 55; J. B. Williams, \$188 60; J. E. Jones, \$179; C. J. Brookins, \$10 50; H. W. Barlow, \$107 40; Su Loe \$4 25; Frank & Myers, \$7 75; R A. Frazier. \$576; J. S. Gilson, \$89 25; E. G. Norton, \$29 30; Peleg Brown \$29; O. C Ross, \$27; E. Owens, \$34 20. The bill of G. W. Avery for \$200

was laid over. The bill of James Burke for \$100

was rejected. Ordered, that the Sheriff be author-

ized to work or caused to be worked upon the public highways all prisoners in the county jail, not held to appear before the Grand Jury. It is further recomments it that prisoners refusing to work be confined in cells and fed on tread and water.

A. A. Longley, appointed Road Supervisor of Brown's district, prosonted his bond, which was approved.

Torp of the road from the Storey county line to the south and of Crushed, Yeltow, China and Powdered Sugar A frauchise was granted to L. H. and Virginia City.

Several proposals were received and read offering to sell the county land suitable for a Poor farm. No definite action taken.

The Board adjourned until the first Monday in September.

PASSED THROUGH. --- Mr. Boucicanit and Mr. Montague, of theatifical fame, passed through on the overland train Sunday morning for the East, and thence for London diract. They were joined here by Mr. John McCullough, who has been on a visit to Virginia City. They will all go to Loudon together-Mr. Boucicault to produce his "Shaughraun," and Mr. McCullough to "lake stock" of the profession; and if his inventory be of the right sort, perhaps he will engage to appear for a short season in the Fall.

THE NEW DIMEOTORS.-Many inquiries have been recently made concerning the new Directory of Storey, Lyon, Ormsby and Washoo counties, which it was thought would have been issued a month ago. A letter was received from J. D. Bethel stating that the printing had been completed, and that he will arrive here next week and deliver copies of the Directory to subscribers.

We have seen a large piece of ore weighing 60 pounds which came in from the Goldon Fleeco mine yesterday. The piece is intermixed with white quartz showing the silver throughout. We were told that this mine has thousands of tons of the same quality of ore in sight, which at no distant day will be converted into bullion.

The Board of Pardons were in session at Carson Saturday, all the members present. Various applications for pardon were considered, but none acceded to but that of George Brown, sentenced from Washoo county for larceny.

GOND EAST - Capt. A. D. Griffin left for the East on the overland a pleasant journey and safe return. For want of a better item to fill up

this space we will state that six car loads of horny handed sons of toil passed Westward on the emigrant

PRISON CONTRO-

STATE

The Board of State Prison Commissioners met yesterday to bear and determine the matters at issue between ex-Senator Thompson, the contractor for building the wall of the new prison, and the architect, Mr. S. F. Hoole. The facts of the case as near as we can learn are: That there were two kinds of wall upon the building of which the Prison Board asked for bids; that one was a rubble wall and the other a wall of solid masonry; and that Thompson's bid was the lowest placed before the Board. The defect, if any, in Mr. Thompson's bid seems to be that he failed to state which kind of a wall he would build for the sum bid. This matter is what the Board determined yesterday. They decided that he (and his bondsmen of course) was held to build a wall of out stone, solid. This, so we hear from professed judges of such work, will be very disastrous to Thompson. The architect's views in the matter are sustained .- Carson Appeal of Sunday.
